32. The seven eligible species categories in the Father's Day Derby are:
 - a. Cold Water Division:
 - Lake Trout Species Category
 - Atlantic Salmon Species Category, to include:
 - Landlocked Atlantic Salmon, Steelhead and Brown Trout
 - b. Cool Water Division:
 - Walleye Species Category
 - Northern Pike Species Category
 - Smallmouth Bass Species Category
 - c. Warm Water Division:
 - Largemouth Bass Species Category
 - Extraordinary Species Category, to include:

2018 FATHER'S DAY DERBY PRESENTED BY YAMAHA
RULES AND REGULATIONS

disqualified. Due to concern for the conservation of all fish species, the following minimum lengths have been established:

- Atlantic Salmon/Steelhead 21"
- Brown Trout 19"
- Lake Trout 28"
- Smallmouth Bass 17"
- Largemouth Bass 16"
- Northern Pike 32"
- Walleye 25"
- Bowfin 23"
- Catfish 26"
- Sheepshead 22"

34. No fish under the above-stated lengths will be accepted for entry in the Father's Day Derby.

Prizewinner Determination

35. It is the responsibility of the prize-winner to collect his/her prize(s). Prizes, or parts thereof, not claimed by July 16, 2018 will become the property of the Lake Champlain International, Inc. Board of Directors.
36. All tax liability is the burden of the recipient of the prize. Additionally, in accordance with state and federal authorities, Lake Champlain International, Inc. may be required to collect taxes before prizes can be presented.
37. The LCI Derby Prize Point value of each fish entered in the Father's Day Derby shall be determined by multiplying the weight of the fish by the Species Points for that species. In addition, all Father's Day Derby-eligible fish from the seven major species categories which are entered alive and relinquished to Weigh Station Captains shall receive a 5% LCI Derby Prize Point bonus (see Rule #32). Live fish shall be given priority at weigh-in.
38. Prize Point values for each of the eligible species are as follows.
- a. Cold Water Division:
 - Atlantic Salmon/Steelhead & Brown Trout 65
 - Lake Trout 35
 - b. Cool Water Division:
 - Walleye 61
 - Northern Pike 37
 - Smallmouth Bass 100
 - c. Warm Water Division:
 - Largemouth Bass 81
 - Extraordinary Species Category:
 - Bowfin 41
 - Catfish 20
 - Sheepshead 28

An example determining points for a live smallmouth bass that qualifies for the 5% LCI Derby Prize Point bonus follows: A 4.4-pound Smallmouth Bass is worth 4.4 (weight) x 100 (points-per-pound) = 440 LCI Derby Prize Points. If the fish is determined to be alive at the time of weigh-in, add an additional 5%, or 22, bonus points. Thus, the entry earns the angler 440 + 22 = 462 LCI Derby Prize Points.

39. 1st Place Species Prizes shall be awarded, for each of the seven (7) eligible species categories (see Rule #33), to any Father's Day Derby registrant who enters one fish from that category which amasses the highest number of LCI Derby Prize Points for a single fish. Subsequent Species Prize places shall be likewise determined, in order, according to total LCI Derby Prize Points.
